LET THE LAW COME IN

A Practice Which Should be Killed.

DISGRACEFUL PIECES OF WARE

Manufactured in This Place and Shipped To All Parts of the Country—An Evil Which Not Only Places Ignominy On the City But Demoralizes the Boys.

If the story which follows be true, there is ample room in East Liverpool for a society that will do away with infractions of the law, which the police, with all their vigilance, are unable to reach.

It comes to the NEWS REVIEW, and from a source which cannot be doubted, that there is a store in the city that is engaged in a business which has no equal as a disseminator of crime. While apparently doing an honest business the place in question is said to dispose of pictures which come directly under the law. These publications are the vilest and most injurious ever seen about the city, and are doing incalculable injury since they are sold to young boys who spread the word among their companions and thus increase the sale of the filthy things. The cards are what is commonly known as transparencies, and on the surface are an innocent piece of white ware. When held to the light the real object is disclosed in pictures so disgusting that persons who claim to have seen them say they are the worst ever known here. These have been sold in the city for some time, and then the persons who produced them grew ambitious and box after box has been sent to different parts of the country. These vile productions are made in the city, at the houses of the men who have sunk so low as to engage in the nefarious business, and are then burned like other ware before being sold. The traffic has been carried on surreptitiously and specimens of the product have been found in the possession of people who should not have them, the subjects being so vile that the law could readily grasp those who are engaged in their manufacture. Of course the extent to which the evil has spread can not be imagined, but there are reasons for believing that the makers have been active in their work, and have turned out so many that they deserve all the punishment that can be heaped upon them. The charge is made that these vile productions have been made in such quantities as to give the makers a very good living from the proceeds. There are any number of stories to substantiate the rumors regarding the production of the stuff, but if anyone is in possession of the names of those doing the work nothing is said about it. In short it is almost impossible to trace the men as efforts in this line have resulted in nothing. The police, being so well known to every person in town, can do nothing, much as they desire to keep the city free from evil. The people who possess the finished article will not show it where it can be seen and every effort at secrecy is being made.

If it is possible to trace the makers of these things, they should be caught and punished by such an application of the law as to keep others from taking up the business where they have dropped it. Give them a sentence that will effectually cure any desire to repeat the offense when the culprits have completed their terms. East Liverpool should not live with the disgrace of scattering evil throughout the country on its shoulders. Since this matter is one that should interest every father and mother in the city, the NEWS REVIEW may have more to say of it in a day or two.

THEIR OFFICERS.

The American Mechanics Now Have a New List.

Next month will be a gala season for the Mechanics and their partners in patriotism, the Daughters of Liberty and Daughters of America. The anniversary of the local council Daughters of America as announced some time ago in the NEWS REVIEW, will be held at the appointed time, as arrangements have been almost completed. Then the Senior Mechanics will celebrate. General George H. Thomas council is six years old today, but will not hold their anniversary until Jan. 8. A program is being prepared, consisting of addresses, vocal and instrumental music, recitations, etc. This will be followed by refreshments, which will be furnished Mechanics and members of the ladies' orders free of charge. A public installation of officers will occupy considerable time, and the following new

officials will be obligated: Councilor, Homer Twaddle; vice councilor, Herbert Johnson; inductor, Will Bailey; examiner, John Wilson; inside protector, Thomas Pickall; outside protector, Edward Dickey; recording secretary, James Myler; assistant recording secretary, Will Graham; financial secretary, Thomas Lloyd; trustee, Thomas Pickall. The delegates to the grand council which meets on the second Tuesday in May are Mayor A. V. Gilbert and Frank Earle. A candidate was initiated at the last meeting of the local council.

The Daughters of Liberty will initiate two at the meeting tonight, and at the last two meetings initiated five.

The Junior Mechanics will hold a public installation next Thursday evening.

A MONEY MYSTERY.

Discovery of Money in East Liverpool. Where's the Owner.

On Christmas night, at the home of Christian Metz, the well known miller, a number of friends and relatives of the family were having a pleasant reunion. Presents were being handed out to delighted recipients, and the occasion was indeed a joyous one. Packages were being opened, and the wrappings about them were for the time cast down behind the kitchen range and in the capacious coal bucket. One of the party present had occasion to visit the kitchen, and casting his eyes to the floor, at a point near the stove, discovered a five dollar bill. Picking up the flyer, he said to Mrs. Metz that she was very careless with her money, and received the assurance that the money did not belong to her. Mr. Metz was next attacked and likewise denied ownership, asserting that he had given his last five dollar bill to one of his employees, who desired to take unto himself a wife. Each and every one present denied the loss of any money, and finally some one of the party suggested, laughingly, that there might be more valuables at the same point. In a joking way, some one proceeded to investigate and was utterly astounded at the discovery of a nice roll of Uncle Sam's promises to pay. The mystery has not yet been solved as to where the cash came from. It has been put away safely by Mr. Metz, who awaits an owner that can describe and prove property. In case the rightful owner does not appear, the money will be turned over to some charitable institution.

TO ALL OLD SOLDIERS.

Interesting Reading For the Boys Who Wore the Blue.

The following clippings make good reading for the old veterans, and show up, in their true light, Grover Cleveland and his adherents, the men who have been shouting out lustily, in the face of the nation, the assertion that our government has been woefully imposed upon by fraudulent pensioners. Truly, Grover and his southern brigadiers, backed by the old copperhead element of the North, have been making much ado about nothing, and have been creating mountains from excessively small mole hills.

"After working for nearly two years to 'purge the pension roll' of fraud, according to a statement made on the floor of the house Friday, the Democrats have discovered but 39 cases of actual fraud. Truly, as Congressman Pickler said, this convicts the president and his pension commissioner of being demagogues.—Cleveland Leader."

"The Leader might have added that to find those 39 cases the department has employed a small army of special examiners at a cost of hundreds of thousands of dollars, and hung up many thousands of deserving pension cases that are waiting a settlement.—Cincinnati Commercial Gazette."

Chief Gill's Chances.

To the present time eight men in the county have decided in their own minds that they would like to be the next sheriff, the last to appear being Edward Snyder, of Columbiana. The county seat has four candidates, Hanover has one, Salem one and Chief Gill of this city. Close observers remark that since the vote of the county will be so divided Chief Gill will have the chance of the lot since his friends here will stand by him and other parts of the county will be all right.

An Amusing Coincidence.

The business college people are enjoying an amusing coincidence. Some time ago Professor Mitchell was employed to assist in the work, and now Professor Sullivan has been engaged and is expected here shortly. The pupils, who are now enjoying a vacation, are joking the jolly professor on the intellectual battle which will ensue when the giants of pugilistic title meet in the class rooms.

AN OLD POTTER GONE

Edward Green Passes Peacefully Away Last Night.

FORTY-FIVE YEARS A DIPPER

The Glaze In Which He Worked Causes His Demise—Came From England When Thirteen Years of Age and Worked For the First Pottery Firms in the City—A Prominent and Respected Citizen.

Edward Green, a pioneer potter, died at his home 333 Third street at 8:55 o'clock last night after three years illness.

Deceased was aged 63 years and came to this country when 13 years old with his father. He located in Wellsville and then removed to this city, working at the Baggot pottery, Sault & Mear's plant and finally at Croxall & Cartwright's now the Croxall pottery. Here he labored for more than 20 years at his trade, that of a dipper, until three years ago when the lead in the glaze secured a hold on his system. Hemorrhage of the bowels was the direct cause of death. Eleven children are left to mourn his demise—Mrs. John Proctor, of Little Rock, Ark.; Mrs. John Owens, Jefferson street; Mrs. Jesse Mountford, Calcutta road; Misses Susie and Mary, and John, Edward, William, James, Thomas and Harry, all of this city. He had relatives in Burslem and St. Louis, where his father was a wealthy crockery merchant; also a sister, Mrs. Martha McElvane, of Pittsburg. Deceased was a charter member of the Red Men and the ladies' branch. The orders will have charge of the funeral, which will take place from the First Methodist Episcopal church at 1:30 o'clock Sunday afternoon, Rev. J. M. Huston officiating.

How It Is In New York.

Stock taking is just now occupying the attention of all branches of the crockery, lamp and glass trades. To sum up the year's business is a rather difficult matter. Importers felt the benefit of reduced duties the moment the new tariff law went into operation, and the entire trade seemed to feel the infusion of new life not long afterwards. But while trade has been lively the past few months, it must not be forgotten that the early half of the year saw merchants deep in the slough of despond and few stocks moving. So, taking one thing with another, it will be recognized that the year, while not a brilliant one, was satisfactory. The feeling of the new year is a cheerful one, and this in itself is an encouraging sign.—China, Glass and Lamps.

Confined in Cells.

Fred Bloor is the man who injured himself by a fall in the Diamond while under the influence of liquor. The township trustees have refused to do anything for the man and he is now in charge of the authorities.

An effort is being made to reduce the bail of George Barkhurst so that he can be released until the grand jury convenes. Barkhurst, it is claimed, can give bail in a smaller sum, and as his offense is not grave, the authorities are inclined to give the young man a chance.

The only other occupant of the jail is the colored man Saunders, who seems very well satisfied with his position.

Professor Todd Vindicated.

The Humane society have withdrawn the charge against Professor Todd, of Fredericktown, and paid all the costs. It will be remembered that the professor was charged with cruelty by whipping a boy, but it was since learned that the youngster had reformed and is now attending school and doing very well. The prosecution excited much unfavorable comment in St. Clair township, since the professor is known to be a conservative and just man.

The Y. M. C. A. Concert.

The Young Men's Christian association concert tonight should fill the Grand since the program is numbered among the best ever heard in the city. The best of talent has consented to sing and read for the association, and some features promised are among the most entertaining ever heard in the city, and all who attend are promised an evening of rare enjoyment. Many tickets have been sold, and if you want a good seat you should call without delay.

If the Beautiful Will Only Stay.

The cold, crisp weather today brought out almost all the sleighs in town, among them being not a few unique conveyances of ancient and long since forgotten pattern. A number of parties will leave the city tonight, and if the snow is kind enough to remain there will be more sledding tomorrow evening. A large party is being arranged to make the trip to Lisbon on Tuesday—provided the snow is still with us.

There Was No Meeting.

When the time arrived for calling the special meeting of council to order last evening the only members present were Messrs. Berg, Owen, Kent and Doctor Marshall. Chief Adam and Commissioner Welsh also occupied seats in the room, but they could not be made do duty as councilmen, and there was no meeting. The particular business to be transacted was the passage of the street assessing ordinance, and much regret was expressed that this could not be done.

Said They Wed.

James Kinney and Miss Moore, daughter of Auctioneer William Moore, were married yesterday at the bride's father, near the Bell school house. The young people are well known in this city where they have many well wishing friends.

George Bottridge, a well known fire laddie, denied his best and went to Pittsburg with a smile on his face yesterday, and it is whispered around the station that he will not return alone.

To Meet in Washington.

A number of manufacturers of this city are arranging to attend the annual meeting of the United States Pottery association, which meets in Washington Jan. 15. The association is made up of all the crockery manufacturers of the country, and a great many are expected to be in attendance. What business will be transacted those in position to know do not seem disposed to tell, but a pleasant time is anticipated.

Only a Matter of Time.

SPECIAL TO THE NEWS REVIEW.
LISBON, Dec. 28.—There are no new developments in the Wayne township robbery case except the general belief that there will be a few arrests before many days have passed. The heavy snow and cold have worked to keep the sheriff's force at home, but it will not be for long. It is believed that the gang are known, but have no information that the officers are after them.

At the Grand.

The Wilson Day Opera company closed a four nights engagement here last night with a repetition of Christmas night's play, "The Devil's Web."

The holiday attendance has not been what might be expected, but it was probably caused by the numerous balls and entertainments which attracted many who would otherwise have attended.

More Families Coming.

E. M. Brookes and family have arrived in the city from Spencer, and will make their home here.

The household goods of Newton Hughes, a potter from Tiltonville, have come to town, and the family will reside in this city.

A. J. L. Kerr, at one time a resident of this city, but lately of Toronto, has moved here and expects to remain.

Hauled the Snow Away.

The work train came from Wellsville this morning, and 25 men were soon busy shoveling snow from the tracks in the yard. The snow was loaded on cars and taken down the river, where it was dumped into the river. The crew succeeded in obtaining over half a dozen cars of the beautiful, and one remarked that the work was not so easy as it seemed.

They Heard Burns.

Several persons went from this city to Pittsburg last evening and heard the address delivered by John Burns to the workmen of the Iron City. Burns is among the foremost labor leaders of the world, and it was thought at one time that he could be induced to make a trip to this place, but other engagements would not permit it.

Won a Valuable Violin.

A. B. Apple is the fortunate possessor of an old and valued violin, which he secured the other day for seven cents. The instrument has been in possession of the Reager family in Wellsville for 25 years, and was highly valued. The proceeds of the drawing were for the benefit of some member of the family.

Ice In the River.

The river was rising this morning, and carrying toward the sea a great deal of ice. Some of this was thick and in large cakes. A number of towboats passed up with empties last night, and the regular packets made their trips.

READY FOR THE FRAY

The McGregor Argument Will be Heard Tomorrow.

STATE FILED ITS AFFIDAVITS

Last Night, and the Whole Matter Will Likely Occupy the Day—Salem Hubs Up With Another Divorce Case This Morning.

Special to the NEWS REVIEW.

LISBON, Dec. 28.—All the affidavits have been filed in the McGregor case, and the argument of the motion for a new trial will be heard tomorrow.

The last affidavits were placed on file last night by the state, and will be argued tomorrow, being the first event on the calendar. The nature of the affidavits presented by the state is not made known to the public, but it is believed that there will be no startling developments tomorrow. The case is so well known that attorneys say they cannot imagine any new lines for argument.

Salem is getting a reputation as a divorce center, another case from the quiet town in the northern part of the county being filed today. The claimant is Elizabeth Evans who was married in 1879 to William Evans at Beaver Falls where he has resided since he deserted her three years ago. For years she stood all the abuse which he chose to heap upon her, and tolerated his harsh treatment without legal complaint. Now, however, she has reached the limit of endurance, and proposes to have no more of it. The defendant in the Salem divorce suit filed yesterday is also a resident of Beaver Falls.

BUYING CROCKERY.

An Unusually Large Number of Buyers Here Today.

If the crockery buyers for big retail houses continue to come to the city as they have in the past few days, East Liverpool will sell a lot of ware next year.

According to a time honored custom the men who purchase pottery by coming to this city have not left their homes until after the holiday week, but this season they have come earlier and the visit is taken as a sign which should make the city smile with delight. Eight buyers were registered at the Thompson House last night, and they were up bright and early to visit the potteries in search of bargains this morning. They were after job lots, and secured them in abundance. The party was made up of C. E. Flint, New York; W. F. Purser, New York; A. Murderson, Buffalo; H. Batt, Salem, Mass.; A. J. Kline, Harrisburg; R. J. Cain, Reading; A. E. Heald, Rochester, N. Y. The party intended leaving for Wheeling tonight.

M. D. Skeels, a crockery dealer of Mineral Point, was in town today making purchases of ware. The gentleman was postmaster of the town under Harrison, and is numbered among its most progressive and influential citizens.

An Enjoyable Ball.

The reception given by the Audobon club in Bradshaw hall last evening was among the most pleasant affairs of the season. The dancers enjoyed themselves from 9 until 3 o'clock this morning. At midnight an elegant lunch was served. During intermission Mr. McKeever rendered two vocal selections, accompanied by Charles Tarr on the piano, in a manner which brought forth loud applause. The dancers enjoyed the evening thoroughly.

Invitations are out for a select dance to be given by the Waverly club in Bradshaw hall on New Year's night.

They Found a Barge.

A barge, which had broken loose from its moorings at some point up the river, landed on Babb's island last night, and was found this morning. The barge is about half filled with coal, and bears no marks by which its ownership can be established.

Lost a Good Dog.

K. P. Beatty, the modeler, was so unfortunate as to lose a valuable dog last night, pneumonia being the cause of death. The animal was well bred and possessed of an unusual amount of intelligence.

Damaged.

Street car 19 sustained a broken trolley pole this morning while making the trip to Wellsville and was hauled back by another coach.

They Entertain Tonight.

Mr. and Mrs. A. R. Mackall will entertain the Young Married People's club at their home on Fourth street this evening.

EAST LIVERPOOL, O., FRIDAY, DEC. 28.

For President,
WILLIAM MCKINLEY,
OF OHIO.

It is an easy matter to find fault,
but a difficult matter to produce a
remedy.

THE position of some gubernatorial
candidates after the convention
meets will be peculiar, provided they
continue to talk.

THE war on Tammany goes on with
such persistency that the heart of the
tiger quakes with fear. Perhaps some
of Ohio's cities would improve under a
similar influence.

UNCLE SAM should let Spain know
that this is no little two-by-two
country in spite of the fact that our
Democratic congress cannot see the
straight and narrow way.

THE intelligence that the holiday
shutdown will be brief is cheering
news to the business men of East Liver-
pool. They had enough shutdown last
year to do them for the rest of their
natural lives.

THE report of the labor commis-
sioner of Ohio shows that the indus-
tries of Ohio paid out a vast amount
of money last year, but not as much
as the time the McKinley bill was in
operation by millions. Ohio lost be-
cause the South persisted in occupy-
ing the saddle.

WHAT with robberies and murders
Columbiana county would soon obtain
an unenviable reputation if the offi-
cers of the law were not so active in
the performance of their duty. How
many counties in Ohio can show such
a record of arrests, and the large pro-
portion of convictions?

AN EYE TO BUSINESS.

Mr. Cleveland seems determined to
have a new order in currency, and
has already said that he will call a
special session of congress after the
1st of March if his own wild horses
fail to answer the whip, and do as he
desires. Now, this is very kind of
Mr. Cleveland, and shows that he
would rather have public business
transacted by Republicans, which is
not at all surprising, knowing as he
does the character of the men who
make up the working majority at
present. He shows that even though
his head was for a time enlarged it
has been brought to its normal size
by a stream of adverse circumstances,
which have almost amounted to per-
secution. Grover imagined that he
was greater than those who are really
great, but he has been brought to a
full realization of his position, and as
a last resort turns to the men who
know well the needs of the country.
But it places the Democratic party in
the right light, branding the members
in congress with inefficiency and un-
patriotic feeling, and showing a disre-
gard of party lines worthy the occa-
sion.

NEW PARTY IN VIEW.

Populists Want to Combine With Bimetallists.

A CONFERENCE IN ST. LOUIS.

The Most Important Meeting Since the
Omaha Conference—An Educational
Campaign to Be Planned—Prominent
Reform Leaders to Be Present.

ST. LOUIS, Dec. 28.—The most im-
portant meeting of Populists since the
famous Omaha meeting of two or three
years ago will be held here at the Lin-
coln hotel today and tomorrow. The
meeting will not interest Populists
alone, but reformers all along the line,
its deliberations being for the purpose
of forming a new party. It will really
be a meeting of the national central
committee of the People's party.

In addition to the members of the na-
tional committee, the chairmen of the
state committees, members of the Re-
form Press association, People's party
senators and representatives of the
Fifty-fourth congress and those elected
to the Fifty-fifth congress, and all
others who have taken a prominent part
in organizing the party, and also those
who are willing to work and vote with
the People's party in the future for
monetary reform, will attend.

The object of this meeting is to map
out a policy for an educational cam-
paign between now and meeting of the
next national convention, and any other
business which may come before the
committee. The committee will discuss
and act upon every phase of the present
political and industrial situation of the
country.

Among the leaders, not members of
the committee, who have promised to
be present are Senator Stewart, Late
Pence, General J. B. Weaver, General
J. G. Field, Marion Butler, Harry Skin-
ner, M. W. Howard, J. H. McDowell,
Hon. W. H. Standish, ex-Governor Pen-
ney of Oregon, Thomas V. Cator, P.
M. Wardall, J. M. Devine, L. L. John-
son, Colonel A. C. Fish, Dr. A. Cole-
man, John P. Stille, M. C. Rankins, J.
H. Davis, Thomas Fletcher, H. L.
Loncks, W. S. Morgan.

The call for this meeting was issued
Nov. 30 by H. E. Taubeneck of St.
Louis, chairman of the national com-
mittee. He declares that the import-
ance of such a meeting was urged upon
him by the members of the national ex-
ecutive committee of the People's party
and the chairmen of the state commit-
tees.

The real cause of this St. Louis meet-
ing, it is claimed, is that the Populists
want to join hands with the American
Bimetallist league in the movement to
organize a free silver party. The Popu-
lists, who claim to see far into the fu-
ture, say that there is to be a free silver
party, which will sweep the country in
1896, and that by getting in on the
ground floor the People's party can as-
sume the glory of a great victory which
would otherwise revert to the free silver
party itself.

A. J. Warner of Ohio, the president
of the American Bimetallist league, will
soon go to Washington to start the work
of organizing silver leagues over the
country, and he will issue a call in a
few weeks for a convention, to be held
in some mountain state, for the purpose
of putting the movement prominently
before public notice.

The St. Louis meeting is important
chiefly because it will afford the first
opportunity of general expression of
Populist sentiment about the formation
of a new party which shall include the
bimetallists.

A Jury Foreman the Prosecutor.

CLEVELAND, Dec. 28.—W. B. Hopkins,
foreman of the jury before whom
Banker Steele of Painesville was tried
for alleged forgery, has sworn out a
warrant for the arrest of O. L. Hunter.
It was said by Hopkins that the warrant
for Hunter's arrest was the outcome of
the charges that the Steele jury had
been tampered with, but neither the ex-
foreman of the jury nor any of the
police court officials would say what
the specific charge against Hunter was.
The officers easily found Hunter and
arrested him, but he was promptly
bailed by his mother. Hopkins charges
that Hunter offered him \$25 to vote
against the conviction of Steele.

Sim Coy Dead.

INDIANAPOLIS, Dec. 28.—Simon Coy,
the most picturesque political character
in the history of Indiana, has died at his
home in this city. Coy was sentenced
to the penitentiary in 1889 for being the

chief negro in the famous anti-slavery
forgeries in this city. President Harri-
son remitted a \$500 fine. Coy was 45
years old and died poor, but at one time
could command any sum by his strong
political pull.

MASSILLON MINERS' CONFERENCE.

John McBride Attacks the Decision of
the Arbitrators.

MASSILLON, Dec. 28.—A delegate meet-
ing of the miners of this district is being
held here to consider the proposition to
accept the rate of wages fixed by the
board of arbitration, but no decision
was reached. President John McBride
of the United Mine Workers has been
present, and in a speech he took a decided
stand against the acceptance of the
terms of the settlement reached by the
arbitrators. He said the evidence pro-
duced was strong enough to convince an
unbiased board that the Massillon
miners were entitled to 75 cents a ton.
He declared that there was something
rotten in the proceedings of the arbitra-
tion board, and expressed the belief that
the case was undoubtedly made up in
Cleveland in the interest of the opera-
tors. He concluded with this remark:
"Hold yourselves free to act, but would
it be best to strike now."

Secretary Patrick McBride also spoke,
advising the miners to appeal for
another trial before the board of arbitra-
tion, but told them never to accept
60 cents a ton. The meeting is still in
session.

Will Give Gladstone a Challenge.

LONDON, Dec. 28.—The Armenian res-
idents of Paris and this city will present
a challenge to Mr. Gladstone tomorrow,
the occasion of the 85 anniversary of his
birth. In September, 1876, Mr. Glad-
stone published his famous pamphlet on
"Bulgarian Horrors and the Question of
the East," and in March, 1877, there
appeared another pamphlet written by
him entitled "Lessons in Massacre." He
took an active part in the agitation then
carried on respecting the massacres in
Bulgaria.

Depredations by Indians.

QUAYMAS, Mex., Dec. 28.—A band of
marauding Yaqui Indians in the valley
of the river of that name, in the western
part of the state, visited the ranch of
Julio Gardenas and massacred the lat-
ter and his entire family, consisting of
wife and two children. A detachment
of government troops went out in pur-
suit of the Indians, and it is reported
that they came up with them and had a
skirmish, in which several of the Yaquis
were killed.

Sentenced to Hang Today.

DEADWOOD, S. D., Dec. 28.—At the
last session of the United States court,
which was the longest session ever held
in the Black Hills, Two Sticks, the In-
dian, was sentenced to be hanged today
for the murder of cowboys at Humph-
reys ranch last December. Two Two
and White-Faced Horse, who were im-
plicated, pleaded guilty to manslaughter
and were sentenced to five years in the
penitentiary and a fine of \$500 each.

Chinese Troops Retreat.

YOKOHAMA, Dec. 28.—General Kat-
sura reports from Hai Chang that the
Chinese army under General Sung,
after its defeat at Kogasaki, fled to New
Chang, and thence retreated to Densho-
dai, being joined by the mass of Chinese
troops stationed at New Chang, which
town was evacuated. Scouts were sent
in the direction of Pochi, and they re-
port that about 8,000 Chinese are ad-
vancing from Cilco along the seacoast.

The Pags Go Free.

NEW ORLEANS, Dec. 28.—The case
against Leo Lavigne and his second
and others connected with the contest
given on the night of Dec. 15, in the
Auditorium club, in which Bowen was
killed has been dismissed. The party is
composed of Referee Duffy, George
Lavigne, Jim Hall, Sam Fitzpatrick,
Marty Murphy, George Considine, Billy
McCarthy, Billy Layton, Albert Spitz-
fadden and Lick.

Bank Officials Arrested.

ST. JOHNS, N. F., Dec. 28.—The di-
rectors and the manager of the Com-
mercial bank have been arrested on
warrants issued by Judge Conroy. They
are charged with presenting a false
statement of the bank's condition, at
the last annual meeting, by including
among the assets of the bank securities
which were hypothecated to the London
and Westminster bank in order to offset
over drafts on it.

Five Victims of a Quasrel.

HELENA, Ark., Dec. 28.—At Hillhouse,
Miss., several negroes were playing
craps. Among the players was Lewis
Allen. Pistols, knives and guns were
drawn. During the melee Allen shot four
of the negroes, two of them having been
killed outright and the other two are
mortally wounded. Allen received a
mortal wound, and fell dead over the
bodies of his victims.

THE STORM GENERAL.

Worst One For Years in the East—Traffic
Much Delayed.

NEW YORK, Dec. 28.—The coast storm
is raging with no sign of abating. A
40-mile gale is blowing from the south
west, piling up the surf all along the
coast. Much damage is being done to
shipping. This is by far the worst
storm this year. New York city is lit-
erally snowed up. News from the Mo-
hawk valley and throughout the state
shows that it is the worst snowstorm
since the famous blizzard of 1888.
Freight trains are stalled along railroad
tracks and passenger trains are very
late and a few abandoned. Street car
traffic is badly retarded in most of the
towns.

Reports from throughout New Eng-
land show the same state of affairs.
Similar reports come from New Jersey,
Delaware, Maryland and other coast
states.

The Storm in Ohio.

COLUMBUS, Dec. 28.—Cleveland, To-
ledo, Cincinnati and other points
throughout the state report delayed
railroad and streetcar traffic on account
of the storm.

Much apprehension is felt at Cincin-
nati over the probability of a flood
when the snow melts. The river is low
now, having only ten feet, but after a
heavy snow in 1884 it reached 72 feet.

Probably Perished in the Storm.

BRADFORD, Pa., Dec. 28.—A boy
named Shriber, who lives between Gil-
mer and Bell's Camp, left his home the
other day to pump some oil wells, as
was his usual custom, and has not been
heard from since. A heavy snowstorm
has been raging here for the past 24
hours, and it is believed Shriber was
caught in the blizzard on his return
home and perished.

The Storm in the Mountains.

HARRISBURG, Dec. 28.—There is over
a foot of snow in the mountains. Pas-
senger trains on the Pennsylvania, Read-
ing, Lehigh and other roads are delayed,
and in some instances freight trains
have been abandoned. Street car
traffic in many of the towns is badly
knocked out.

Perished in the Storm.

PARKERSBURG, W. Va., Dec. 28.—
George Warden, a well-known colored
man, was found dead in St. Cloud alley
lying face down in the snow. It is sup-
posed he was on his way home and per-
ished in the storm.

General in the Northwest.

CHICAGO, Dec. 28.—The snowstorm is
general throughout the middle and
northwestern states, and railroad and
streetcar traffic is much delayed. The
Missouri river at Yankton, S. D., is
closed by ice.

Frozen to Death.

MARTIN'S FERRY, O., Dec. 28.—John
Moreland was found frozen to death at
Glenn's Run, near his home. He was
an old soldier and worked in the Elson
Glass factory.

The Operators Won't Talk.

CHILLICOTHE, O., Dec. 28.—The Jack-
son county coal operators held a meet-
ing in the offices of the Wellston Coal
company, for the discussion of the situ-
ation which confronts the operators.
The cut in wages of the Pennsylvania
operators to 55 cents has led the miners
to believe that there will be a similar
cut in Jackson county. The miners say
that if such a cut is made they will
strike and go out the 1st of next month.
What decision was arrived at by the
operators cannot be ascertained, as they
refuse to talk on the subject.

Two Lives Nearly Sacrificed.

PITTSBURG, Dec. 28.—Two lives were
nearly sacrificed in the storm here. A
policeman found Henry Anderson, col-
ored, in a snowdrift on Liberty street
almost dead from exposure. The man
had been intoxicated and falling into
the drift was unable to rise. He is at
the Homeopathic hospital and will re-
cover. John Rhin was found lying in
the snow, unconscious, in Sharpsburg.
He was taken to a residence and revived
in about an hour. He said he became
numb and fell about midnight.

The Carlisle Scheme All Right.

WASHINGTON, Dec. 28.—The outing
system which has been tried at the
Carlisle, Pa., Indian school and has
proven of great benefit to the pupils,
will be extended to all government In-
dian schools, both reservations and non-
reservation, where there are scholars
old enough to profit by it. Secretary
Hoie Smith has reached this conclusion
and believes the inauguration of the sys-
tem will be an important factor in mak-
ing the Indians self supporting.

Organized a New League.

COLUMBUS, Dec. 28.—The Ohio and
West Virginia Baseball league has been
organized here with clubs from Steu-
benville, Canton, Sandusky, Kenton,
Columbus and Wheeling. Two more
clubs are to be selected. A. C. Goble
of Steubenville was elected temporary
president and A. J. Watts of Toledo
temporary secretary. The salary limit
was fixed at \$600, and the season will
open May 4 and close Sept. 20.

To Prevent a Lynching.

AUGUSTA, Dec. 28.—Immediately
after the news of the death of Detec-
tive Murray became generally cir-
culated the talk of lynching the negro,
Wiggins, who did the shooting, was re-
vived. A large armed force is in the
jail. The Richmond Hussars, rein-
forced and ready for duty, are under
arms at the armory.

BURNS IN PITTSBURGH.

The English Labor Leader Addresses a Large Crowd.

PITTSBURGH, Dec. 28.—John Burns made many converts to socialism at the South Side meeting in Turner hall last night. President M. M. Garland of the

JOHN BURNS.

Amalgamated association made a brief address, in which he introduced Mr. Burns to the audience of about 1,500, who were with him from the minute he began his remarks by calling Pittsburgh the cocking pit in which many industrial battles had been fought, all them with credit to the workmen. He said the Pittsburgh workmen had vindicated the men of labor in the battle they had fought.

Pittsburgh, he admitted, was well organized, comparatively speaking of organizations in American cities, but was not well enough organized. The Homestead strike was the talk of London and all England, and was watched with much interest by Mr. Burns and the trades unionists of Great Britain. In referring to the action of the strikers at the time he said: "You gave the Pinkerton gang the infernal sa . . . and should be proud of it. Your resistance was the very best thing that could have been done. Of course you were downed, but you made a good fight, and that fight was for the good of American labor. Had you made no resistance at the time, the indignity they wanted to force upon you would have been doubled next time, and repeated many times. You were bold enough to go up against the military and capital and did nobly in asserting yourselves."

He declared himself in favor of strikes as the only alternative the workman has to starvation. He made an attack on our system of municipal rule in cities. He said he didn't think the trades unions of this country get the fair deal in this country as in Great Britain, and thinks this country should have a national union, as exists in the old world. He thinks trades unions have been found a barrier to degradation of the workmen and of the country generally.

A Bond Syndicate Dissolved.

NEW YORK, Dec. 28.—The United States government bond syndicate has dissolved after disposing of 35 per cent of the issue. The remaining 65 per cent has been divided among the members. The new currency plan, it is alleged, has induced liquidation by holders of government bonds, which has been the case of timid holders disposing of their bonds and which caused the decline below the syndicate price. The new issue is now quoted at 117 1/2 to 118.

A Blow at Football.

INDIANAPOLIS, Dec. 28.—At a meeting of the college presidents of the state just held in this city, it was decided to forbid intercollegiate football. An order of this kind will at once go into effect. A long series of resolutions adopted by the college presidents prohibit games of athletic sports with athletic associations or any semiprofessional organization, but exhibition games will be allowed.

Negro Boy Killed by a Tough.

BAY MINNELL, Ala., Dec. 28.—Tim Thompson, a little negro boy, was asked to dance for the amusement of some white toughs. He refused, saying he was a church member. Jim Jostling, one of the men, knocked him down with a club and then danced with his feet upon the prostrate form. He then shot the boy in the hips. The boy is dead and his murder is still at large.

A Prominent Breeder Killed.

NASHVILLE, Dec. 28.—H. Clay Ezell, a prominent breeder of jacks, has been shot and killed at his farm, seven miles south of the city, by Purdy Ellis, a prominent dairyman. Ezell and Ellis were partners in the dairy business and they fell out about the business. Both fired. Ellis was wounded in the thigh, but he escaped.

Seven Counts Ruled Out.

CONCORD, N. H., Dec. 28.—Of the ten counts in the indictment against ex-President Putnam of the Exeter bank, seven were ruled out by the court and the counts which will go out to the jury are, first, the embezzlement of bonds; second, the abstraction of bonds; and third, the embezzlement of funds drawn by checks.

An Engineering Company Falls.

CINCINNATI, Dec. 28.—The Boughen Engineering company has assigned to Andrew J. Marsh. Liabilities, \$20,000; assets, \$20,000. They accepted bonds for building waterworks and could not realize on the same. Recently they were attached at Hillsboro, O., and Hartford City, Ind. The firm will soon resume.

Canned Beef Can Be Sold.

WASHINGTON, Dec. 28.—Information has reached the department of agriculture, through the department of state, in a dispatch dated Dec. 8, from Ambassador Runyon, at Berlin, that the local authorities of Heilbronn, Wurtemberg, Germany, have removed the prohibition placed on the sale of American canned beef.

Weather Forecast.

Fair, except local snow near the lakes; colder; northwesterly winds.

PITH OF THE NEWS.

Lord Randolph Churchill is somewhat better. Two steam collier ships are 20 days overdue at San Francisco. Francis II, the late king of Naples, has died at Arco, in the Austrian Tyrol. The cash balance in the treasury yesterday was \$135,464,235; gold reserve \$59,070,012. Judge S. W. Morris of Toledo was married to Miss Fannie May Darling, at Hyde Park, Mass. LOCAL BREVITIES

The Misses Cartwright entertained a large party of friends at their home on Sixth street last evening.

A merry party of young people drove to Smith's Ferry last evening, and after taking supper returned home.

A few of the faithful who watched the thermometer this morning say that the mercury was skipping around dangerously near to the zero mark.

A team of bay horses attached to a sleigh ran away on the Calcutta road last night not far from the cemetery. The occupants were thrown out, but landing in a drift, were not injured.

When a party of friends were talking politics in the city last night a bet of \$10 was made that Coxe would be a candidate for the presidency and would get more than two electoral votes.

A local business man is said to have been victimized by a bogus lottery, having expended \$10 in the hope of winning a big prize. He has heard nothing of his money since it was sent away.

Mr. McKeever, the young man whose vocal powers have been appreciated on the stage on more than one occasion, will leave for a trip with the "Cracker Jack" company, when it plays here next month.

Nine good Republicans want to be the infirmity director elected next fall. This number have already announced their intention to make the race, and a lively time is anticipated before the choice is made.

Travel on the Cleveland & Pittsburgh has fallen off wonderfully in the last day or two, and but a small proportion of passengers are being carried. A rush is expected next week when the excursion tickets begin to roll in.

Mr. and Mrs. Fred Marsh entertained a number of young friends at their cosy home in East End last night. Amusements of various sorts were fittingly succeeded by elegant refreshments. All present thoroughly enjoyed themselves.

The many friends of J. J. McCormick, traveling freight agent of the Cleveland & Pittsburgh, will regret to learn that his father died this week and was buried in Wellsville yesterday. Deceased was a resident of Hammondsville, where he resided for many years.

Attorney F. E. Grosshans has not yet begun work on the hearing of the Pioneer pottery case, nor has the expert appointed to go over the accounts of the firm. Professor Fowler They expect to begin work in earnest in a few days, by the first of next week at the farthest.

When the sleighs were flying yesterday afternoon, and the street cars were wading through drifts as best they could, several accidents were narrowly averted. The jingle of the bells drowned the sound of the gong, and the drivers were usually ignorant of their peril until the last moment. Fortunately there were no serious happenings.

The story given prominence by an obscure local publication to the effect that the Brunt Knob works would cease to manufacture knobs because other factories were making the article too cheap, proves, like most of the sheet's statements, a canard. The Brunt plant resumed the work of making knobs again this morning and will continue as usual.

An uptown hostler started out Wednesday to take a colt to Salineville, and the animal was so rambunctious that it is said the hostler walked and led him three-fourths of the way. He returned home yesterday afternoon and is now busy answering questions as to how far it is to the coal town, how walking is, etc., and giving his questioners numerous black looks.

The life insurance agents' contest for a \$5 gold piece and a gold medal still remains undecided. Doctor Clark, who offered the prizes to the most successful agent, finds that two of them, Willis Noah and Charles Sinclair, have placed exactly the same amount of insurance and it may be that another contest will be found necessary before the reward is disposed of.

The anonymous letter writer carried out a deep laid plot last night, a well known potter being the victim. During the evening the cowardly writer of a letter, containing all sorts of charges, pushed it under the front door of his house where it was found this morning. It was addressed to the lady of the house, and contained language unfit for any woman to read. If the writer is found there may be a funeral.

The necessity of a new road to the East End is gradually forcing itself upon the people who drive to that part of the city, and upon farmers who fear to risk their horses near the street railway. It is suggested that council take up the plan that Bradshaw avenue be extended through to the East End. It would make a 60-foot street, and is now completed to the Huston line. The road would meet the demands of the public.

THAT'S QUEER!

You say a collar and cuff that are waterproof?

Yes.

And perspiration will not affect them?

Yes.

And when dirty you need only wipe them off with a wet cloth or sponge?

Yes.

Wonderful! How are they made?

A linen collar covered on both sides with waterproof "CELLULOID." Looks exactly like a linen collar.

Is it the only waterproof collar and cuff made?

No, but it is the only one made with the linen interlining and consequently the only one that can give entire satisfaction, because it is the best.

How can I know that I get the right kind?

Because every piece is stamped as follows:

Inquire for that and refuse anything else, or you will be disappointed.

Suppose my dealer does not have them?

He probably has, but if not, send direct to us, enclosing amount. Collars 25c., Cuffs 50c. State size, and whether collar wanted is stand-up or turned-down.
